Girls' Friendly Society – Diocese of Los Angeles Annual Meeting Reports For the year ended 12/31/2018

GFS-LA President's Report

As president, my role is to keep the board moving forward and on a timeline. I truly appreciate how diligently board members and branch leaders work for GFS in addition to their responsibilities to families and jobs. My main request is to keep me informed of your work. I do tend to “need to know”, so if you are working on something for the board, please copy me on emails so that I am aware that progress is being made.

I also have a role to interface with ECW-LA and the GFS-USA board. I attend ECW-LA meetings on a regular basis, which now are done through the Zoom app. By maintaining a GFS presence at these meetings, women's organizations in the diocese are looking more often to GFS girls as a resource for their events. For example, three of our members gave short speeches at the ECW-LA annual meeting last February and GFS has been invited back to attend the next ECW-LA annual meeting and participate in worship and workshops. This affiliation also gave some girls the opportunity to volunteer at the UTO tea at Bishop Taylor's residence, and now we have an invitation to have a pool party at his house!

I also attend GFS-USA meetings twice a year on the East Coast both as the national treasurer and as diocesan president. Since I serve on the national board, my travel to meetings is paid by GFS-USA. I also chaired the committee attending the ECW Triennial Meeting in Austin Texas this year and was able to bring 3 girls and 1 leader, Alex Jacobs, from the Diocese of Los Angeles to Austin Texas to help members from the East Coast to represent GFS and host the booth on the exhibit floor.

The highlight of the year from me was the visit in our diocese from Winnie Muvunyi, the GFS president in Rwanda. Now everyone can really see that GFS is a worldwide sisterhood! Many people helped to host Winnie so she got to meet lots of people and many people got to meet her.

A trait of GFS that I really value is that there is no “One GFS Way”. Although I have been in GFS since I was 5 years old and I am very familiar with some traditions, I only know what I was exposed to in my branch setting. Almost all of our GFS leadership has not been involved in GFS as girls, so they bring fresh perspectives and new ideas. We all have our own “style”. We bring our special talents and experiences to the table and we put it all together to form an organization that is vibrant and creative and growing stronger year by year.

GFS-LA Chaplain's Report 2018.

Greetings to you all!

This has been the worst year of performance as the chaplain so far. I have been on transition and travels. I had one commitment after another, that made me not to attend most of our programs as I wanted to. I want to thank the President for her support and reminding me of what is coming.

I did attend our Annual meeting January and the Anniversary Service in May. I prepared the liturgy for the Anniversary Service. I could not attend the Not So Quiet Day in March, but Rev Dr. Beth Kelly led the songs and worship. I could not attend the Rally Day / World Day of Prayer in October, so Fr. Arthur Toro

of the Holy Communion and Rev. Jane Gould of St. Luke's in Long Beach, did come in and lead the service. I did write the Liturgy and presented to Fr. Toro and Rev. Jane to use.

This year 2019, I will do better, but I will miss our 142nd Anniversary service or other things in May, because I am taking my vacation much earlier in May this year, and so, I am already requesting Fr. Bill Dun to stand in. I have started working on the Anniversary Service and I need the THEME and your suggestions.

I want to appreciate what every leadership has done to the GFS family, your role with your teams is very encouraging and meaningful to the spirit of togetherness.

I want to wish everyone who was born in January, a happy Birthday to you all! Amen

The Rev. Dr. George Okusi

GFS/LA FINANCIAL REPORT FOR THE YEAR ENDED 12/31/2018 AND BUDGET FOR THE YEAR 2019

This report covers a period of twelve months, beginning from January 1, through December 31, 2018 and it also includes budget for the year 2019. The details of income and expenses is attached.

Total income for the year was \$9,483.80 and total expenses was \$15,285.59. The difference of \$5,801.79 used was withdrawn from the savings account. Out of the total expenses \$7,620.63 was used in Camp, \$1,600.00 used in training GFS Leaders, and \$1,250 was used in translating 5 symbol badges from English language to Spanish language. The remaining balance was spent on special events, branch development and board operating expenses.

We had requested \$5,000.00 from Diocesan Investment Trust fund to help meet the budget for 2018 but till the end of last year we did not receive the check. A follow up has been made and we found out the request was processed in November 2018. The diocese has been contacted and so the check will be received any time from now.

GFS CD account from US Bank matured in May 2018 total amount \$11,016.06. The account was cashed out and total amount deposited in savings account in Credit Union. From savings account \$5,000.00 was transferred to checking account to offset camp expenses and GFS Leaders Training expenses.

Account balances;

Checking account - \$3,014.42

Savings account - \$8,503.84

Investment (Wadleigh 3115-GFS39%) Cost \$122,394.31 and Market price \$151,603.42 as per statement ended 11/30/2018.

Budget for this year is \$20,303.00. The amount is higher than last year because of the National Assembly which is coming in Summer. The board will require approximately \$8,400.00 to send a delegate of 15 people to Pennsylvania.

GFS-LA Ways and Means Report

During 2018, the GFS budget was supported by 2 grants of \$500 each from ECW-LA and GFS-USA, fundraising from our Sustaining Members, the Ralphs and Food For Less grocery programs, the United Scrip gift card program and camp fees. A transfer from our DIT account is in process to balance the budget. The grocery scrip program is not raising as much money as it used to. Most of the prior fundraising came from Christine Otiende's friends at Food For Less. The program was upgraded and participants now have to convert their accounts online. She finds they are hesitant to do this as they are afraid they will lose their "points" when they re-designate their accounts to GFS. So, instead of raising about \$3000-4000 per year, we raised \$1500 the past year. Amazon Smile does not raise very much money for us. It is hard to determine why. The eScrip program no longer works for online shopping. This was always a clumsy program and not very many people used it. If we could somehow increase the use of the United Scrip Program, this would help a great deal with fundraising. We also should look into whether there are any new "painless" fundraising programs that we can utilize.

The fundraising at convention was good and raised about the same amount of money. There was a glitch with printing the cards this year, so they were black and white. I think that if we can get color to work again this year, sales will improve and more could be put into the GFS supply store for sales to parents.

Badge Program Report

The revision of the badge program began in 2007. Progress is continuing and will be completed by 2020. Revision of 3 Purple level badges was completed during 2018. Three more will be completed during 2019 and the last 3 during 2020. This will complete the new plan which limits the number of badges per level to 12.

Five badges were translated this year into Spanish by Vivian Varela of All Saint Pasadena, for a reasonable fee. Barbara Harris takes the translations, adds back in the formatting and graphics, and posts online. We know that these badges are used by the new GFS branches in Honduras. We also offer them to potential branches in the Diocese of Los Angeles

GFS-LA Communications Report – Constant Contact

We continue to use Constant Contact as our means of communication to the GFS Board, Leaders and Members. It is a good email tool and is working well. Margaret Nolde has assisted me, and I learned that “scheduling” the emails works well.

We started to use the reminders “Let’s Get Going” to board members asking them to submit details regarding upcoming events so I can compose the Constant Contact email. It would be good to confirm that I should continue this during our 1/26 meeting.

I am certainly open to suggestions for different and more effective email formatting

Web Development Report

This past year the bulk of the work on the website was to update pictures and slide shows from various events and to make available Spanish translations of the upper level (red and green) badges. Working with Vivian Varela, we were able to translate 6 additional badges which brings our total offering in Spanish to 16 badges.

In 2019, I am looking forward to additional badges and receiving blog postings from our leaders about best practices. If you have a craft, recipe or project that works well with your girls, please consider writing it up and sharing it with a couple of pictures. We will help you edit and then post it on the news page of the site. Web Development

Alumnae and Sustaining Members Report

GFS-LA has approximately 30 members. Sue Brown Williams was inducted as a new member this year. Unfortunately, two members passed away: Carolyn Hegner and Marie Greatorex. GFS sent flowers to both funerals. There were no special events for Sustaining Members this year, but 2 letters were sent out, in April and in November to inform them of the current events of GFS. Donations were requested and a total of \$1580 was received. Christine Otiende, the diocesan treasurer, wrote thank you notes to the donors.

Leadership Development Report

GFS-LA gave scholarships to 4 women (3 of whom were GFS leaders) to attend the Stand Up! Speak Out! Training at the Institute for Girls' Development, located in Pasadena. Nora Harris presented an hour long workshop during camp on mindfulness and self-care.

Branch Development Report

GFS hosted a booth at the diocesan convention in Ontario on November 30 – December 1st. Names were collected from people who are interested in learning more about GFS. Their email

addresses have been added to Constant Contact. It is difficult to find the time and energy to actively reach out to these contacts. So this is an area that requires more womanpower in order to improve.

Branch Reporting

Annual reports were received from all branches in August 2018 and were forwarded to the GFS-USA president. Each branch which filed a report received a check for \$100 for branch development.
